GOLF

AT WHITTLEBURY

Whittlebury Park Golf Course is situated in the beautiful rolling countryside of south Northamptonshire, with hundreds of ancient oak trees and a dozen lakes which was once part of the royal hunting ground of Whittlewood.

Featuring one of the UK's finest championship golf courses complimented by the magnificent Atrium Clubhouse - twice winner of 'UK Clubhouse of the Year' and the largest in Europe, our venue is the ideal location for to enjoy a golf break.

Our championship golf course offers 36 holes, benefitting from 4 loops of 9 holes, each with their own unique character and STRI & USGA accredited greens, playable in any combination, meaning you do not have to play the same round of golf twice.

THE COURSES

1905 COURSE

A golf course built on the Whittlebury estate in 1905, where golfers will enjoy playing between the magnificent old oak trees and lakes in the parkland.

ROYAL WHITTLEWOOD COURSE

Plays around the remaining copses of the ancient Royal Whittlewood Forest, home to an abundance of flora and fauna, which made the forest a favourite hunting ground of Medieval Kings.

GRAND PRIX COURSE

This plays over the gently undulating grassland adjacent to the world-famous Silverstone Motor Racing Circuit, with interesting lake features and wildlife sanctuaries providing many testing holes.

WEDGEWOOD COURSE

The Wedgewood has both testing par 3's and par 4's of a high standard of design and construction, maintained to the same level of excellence as the other three courses on the estate. This makes it ideal for bringing on and improving the "shot-making skills" of the novice, yet offering an interesting challenge to experienced players.
