

We are looking forward to welcoming you back to the Hair Studio at Whittlebury Park. Ahead of your appointment we would like to reassure you and make you aware of the following protocol in place -

Symptoms

If you or a member of your household are displaying symptoms of Covid 19, please stay at home and advise us as soon as possible so we can re-schedule your appointment.

Arrival

Please arrive promptly to your appointment and wait outside the Hair Studio in our waiting area. This area will be exclusive to guests visiting the Hair Studio, your Stylist will collect you from here once they are ready for you.

PPE

Our Stylists will be using all of the relevant Personal Protective Equipment to ensure the safety of both our clients and staff. As always, the highest standard of hygiene will be maintained throughout the salon at all times.

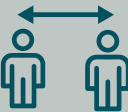

Hand Sanitising

Each of our guests will be required to sanitise their hands on arrival to the Hair Studio. There will be sanitiser available at the reception desk and this can be used throughout your appointment, as and when you feel necessary.

Styling Sections

All surfaces, equipment and work areas will be thoroughly sanitised between every client. Appointments will be longer and schedules have been made specifically to accommodate this.

Social Distancing

The Hair Studio is exclusively set within Whittlebury Park Spa and can accommodate up to just two clients at a time. This has allowed us to utilise the space for social distancing measures and give our clients piece of mind that these measures can be fully adhered to throughout your visit. We will be limiting appointments within the salon, giving us the ability to do everything we can in order to keep you safe and stop the virus.

Appointment Only

We are running pre-booked appointments only. All appointments must be made prior to arriving in the Hair Studio, we will not be accepting any walk-ins.

Refreshments

At present we will be unable to offer refreshments during your appointment and all magazines, newspapers and pricelists will be removed to prevent any cross contamination.

We hope you are as excited as we are to get your post lockdown hair back to its usual healthy, stylish and glossy ways!
